

AUSSIE CULT COMEDY FREE FOR MEMBERS!

7.45pm Saturday 28 October 2006
Come and meet the Kerrigans in this little known gem from the makers of 'The Dish'

'**The Castle**' (82 mins) is the family home of the Kerrigan family and it's 'slap bang' next to Melbourne's International Airport. Perhaps not the best place to be but the Kerrigans love the place and fight to keep it when it's needed an extension to the airport runway! With a wonderfully irreverent look at the Australian working class, the film follows the family in their battle to save their 'Castle' and stand up for what they believe in. Hilarious, touching and ironic - this is a 'must see'. Please note the film does contain some strong language.

The show will follow our late afternoon screening of the family film - **Zathura : A Space Adventure** (PG) and is part of our ninth season and FREE to Reel People Members. Guest tickets are available at £3.50 in advance only from 0761 300538 (6.30-7.30pm, Mon-Fri). Why not come along to Zathura or arrive early to join in our Special Astronomy 'Taster' session and enjoy hot tasty snacks from T T's Catering ? For more information see article on Zathura .

Convenient Recycling

Kilmersdon now has a plastic bottle recycling bin in the carpark - so why not bring your plastic milk containers etc over to Kilmersdon and while you are here - come watch a film!

Reduce your carbon footprint!

Find it difficult to park on film nights? Car park full of recycling bins? This is something that has become more of an issue since the village pub has become more popular and patrons are using the garden machinery shop forecourt as well as us. We have several solutions - the committee have asked the parish council if we can park on the field to the side of the hall - which will free up 5 places. Another idea voiced is lift sharing. Many of you already bring friends - but would you be interested in sharing transport with others? Please give your name to Chris, our secretary, if you are interested - and we'll see how this goes - even if it is for only one film in the season - that is one less car.

We can also help you with a map of the village to show you where else you can park - so you don't have to leave your car on the main road.

Chairs

For a long time now (I am sure many of you have noticed) that the village hall has needed new chairs. As a hall user, we are obviously keen to see this happen sooner rather than later as sitting is a huge part of our events! We have asked the hall committee if we can be involved in the choice of chairs and would also like them to consider raked seating for 3 - 4 rows of chairs. This would involve us 'match funding' to help finance this as we would be a major beneficiary

- although there are other performance events in the hall.

We will keep you informed - please ask Barry (the Chairman, recent photo above) if you would like more information.

Raffle generosity

Thanks to your generous support of our first two raffles this season we have been able to buy, amongst other things, three special insulated coffee jugs so that the kiosk helpers can watch the end of the film and still serve the coffee as soon as the film ends. Thank you!

Back by popular demand

Some of you have been asking what has happened to the reaction slips which we hand out after each film to find out how you rated the film. Well they should be back for our screening of The Castle on 28 October. Committee member, Nat Bull has volunteered to look after this so look out for Nat and the slips at the next film.

Have you got your copy of the Special Events Programme yet? - if you haven't been along to a film yet then you should receive a copy with this newsletter.
